

Asks Nation To Eat Less, Save Grain To Send Abroad

Washington, Oct. 1 (AP)—President Truman asked the American people today to serve "fewer slices of bread" and help save 100,000,000 bushels of grain for European aid.

He also called for reduced feeding of grain to cattle and made clear most of the saving must come there.

"There will be more than enough food in the United States to go around, provided it is fairly distributed," Mr. Truman said.

White House aides said that in the President's plea to serve fewer slices of bread the emphasis was on avoiding waste.

"Get Prices Down, Too"

Addressing the first meeting of his Citizens' Food committee at the White House, Mr. Truman exhorted: "We must get prices down and help hungry people in other countries at the same time."

Mr. Truman said the saving asked of each individual is actually very small. "One bushel of grain saved by every American in the next few months will do the job," he said.

Responding for the 26-member committee, Chairman Charles Luckman, reported that thousands of letters offering voluntary help have poured upon the committee since its creation last Thursday.

"Mr. President, the people of America have never failed in the accomplishment of any war," Luckman said. "They will not fail in this war on hunger. On their behalf we pledge you our most earnest endeavors."

The savings of food here at home is only one phase of the administration's program to help Europe. Before the food can be sent there, Congress must approve funds, either as loans or gifts, with which European nations can buy it.

Mr. Truman has proposed \$580,000,000 as stop-gap aid and asked that key Congressional committees meet as soon as possible to consider it. The committees are the Senate Foreign Relations, House Foreign Affairs and Senate and House Appropriations bodies.

PBA Honored By ABA For Ag. Work

The Pennsylvania Bankers' Association has been presented a 1000-point award by the American Bankers' Association meeting at Atlantic City this week, according to press reports from that city. The award was given for the PBA's agricultural committee activities which included a program of farmer-banker activities, cooperation with the State College extension department, encouragements given to farm youth and service to farmers.

Leader in the farm program of the PBA during the past year was Edmund W. Thomas, president of the First National bank of Gettysburg, who recently retired as president of the PBA. Thomas is being mentioned by Pennsylvania bankers at the convention for an ABA vice presidency, according to other news dispatches from Atlantic City.

CHURCH, SCHOOL HEADS CONFER

With opinions inclined toward the employment of a trained, fulltime instructor for week-day classes in religious instruction, pastors and Sunday school superintendents of the upper county area conferred Tuesday evening with Supervising Principal Leslie V. Stock at Biglerville.

The church leaders decided to arrange for a meeting October 14 or 28, probably at Biglerville, when the Rev. Melvin Best, superintendent of week-day religious education for the state Sabbath School association, is expected to be present to advise the group.

Fifteen attended Tuesday's session with D. M. Hoffman, Sixth Sunday school district president for Adams county, presiding and the Rev. Nevin Prantz, Arendtsville Reformed pastor, serving as secretary.

Professor Stock told the group that the joint school district board at a meeting some time ago had indicated a willingness to cooperate in a workable plan for religious instruction on week-days for the school pupils of the joint district. Tuesday's meeting was the first step toward the possible presentation to the joint board of a formal request for the establishment of such an instruction program.

Religious instruction had been given in Arendtsville schools in recent years but the jointure so increased enrollments there that the plan could not be continued on its former basis.

TB. SOCIETY TO TEST FRESHMEN IN HIGH SCHOOLS

The Adams County Tuberculosis society, at a meeting of its board of directors at 8 o'clock Tuesday night in the Red Cross rooms on Baltimore street, made plans for giving TB tests to all members of the freshman classes in the high schools of the county and to members of athletic teams, with the preliminary survey to begin this month. Skin tests will be made the week of November 3.

Dr. Lloyd C. Keefauver, president of the county organization, presided. The TB tests will be given by Dr. C. R. Phillips, Harrisburg, a member of the staff of the state TB society. Dr. Keefauver said. The local organization still is in need of a nurse for the "follow-up" work after tests have been completed. To date the society has not been able to obtain a nurse.

Study Industrial Service

The directors voted to contribute \$275 toward completing the furnishing of the clinic room at the Warner hospital. Another organization is expected to match this amount to provide necessary lights, equipment and furniture.

The board also voted to join the state society's rehabilitation program, at an annual cost of approximately \$75. The state service will provide counsel for arrested cases of tuberculosis and attempt to fit these persons into work they can perform.

The directors also studied the possibility of establishing an industrial tuberculosis testing service in Adams county, and will obtain data on the cost of bringing mobile units here for this purpose, with the cooperation of industries and their employees.

SAYS RUSSIANS SEIZE GERMAN FOOD SUPPLIES

Half of what the people of Thuringen, Germany, raise, is taken by the Russians, and the Germans in this part of the Russian zone have lost as much as 50 pounds in weight, according to a letter received by John A. Zimmerman, Gettysburg, from his niece, Hannelore Dreyer, who lives in Meiningen.

"In our country the need is great," the 20-year-old German girl wrote her uncle here. "As you know, we live in the Russian zone and the garrison takes away all the nourishment, potatoes, grains and fruits. Our fellow-men receive only one part of these things, the other is confiscated."

Loses 50 Pounds

"You may estimate what our country, Thuringen, is producing, but when the half is taken away, there is not enough for the other people, and men and women are losing weight. For instance, my mother weighed 140 pounds and now she weighs 90. Myself, my father and my sister are like skeletons."

"We are glad that you and your relations are in good health and that you do not suffer want, and that you have been distant from the terrible war. In Germany every town has suffered through the war and the garrisons."

Miss Dreyer asked that Mr. Zimmerman send her a "care-package" which she says a great number of her countrymen have received. A box previously sent by Mr. Zimmerman arrived with part of its contents missing, she wrote. "Perhaps the packing was not durable, and therefore it was opened by thieves," she said.

Many People Ill

"I am now working in the public institution of our town, which takes care of sick persons," Miss Dreyer continued. There is much labor, for (Please Turn to Page Two)

Odd Fellows Elect Foulk Noble Grand

At the regular business session of Gettys lodge, No. 124, IOOF, Tuesday evening in the lodge rooms on Chambersburg street, the following officers were elected for the next semi-annual term beginning today:

Past noble grand, John E. McDonnell; noble grand, Guy Foulk; vice grand, Robert M. Miller; financial secretary, Luther E. McDonnell; recording secretary, Jesse E. Snyder; treasurer, C. A. The elective officers, together with the officers to be appointed by the incoming noble grand and vice grand, will be installed at the regular session on October 14.

Students To Attend Communion Service

The annual Gettysburg college Communion service for students and faculty members will be held this evening at 7:30 o'clock in Christ Lutheran church.

Dr. Henry W. A. Hansen, president of the college, will be in charge assisted by the Rev. Dr. Dwight P. Putman, pastor of the church; Dr. Robert Fortenbaugh, Dr. W. C. Waltemyer, Dr. R. S. Baby, Dr. Albert Bachman and the Rev. Howard J. McCarney, college chaplain.

A choir of college students will lead in the singing and a solo will be rendered by a college student.

WHITMOYER TO START TOUCH FOOTBALL PLAY

An intramural touch football league for grades six through eight and a similar loop for grades nine through 12 have been announced by Paul Whitmoyer, borough athletic director. The games will be played at the high school grounds starting at 3:50 o'clock in the afternoon.

Games between the "Tigers" and "Bulldogs" and between the "Night-hawks" and "Bears" Thursday afternoon will mark the beginning of the grades six through eight league. The grades nine through 12 loop circuit begins its schedule this afternoon with the "Bullets" meeting the "Fakers" and the "Jokers" battling the "Pluggers."

The six through eight competition will continue into November with the last regularly scheduled game November 10, after which a double elimination will be held for the championship of the loop between the first four teams. The grade nine through 12 league will end its regular season October 29.

Seven teams are already organized for the grade six through eight loop. The teams include: "Night-hawks," Luther Everly, captain; Dick Hay, Buzz Schmitt, Stuart MacPherson, Dean Gigous, Joe Norman, Bob Dillman and Dale Myers; "Eagles," Ronald Miller, captain; Evans, Sanders, DeHaas, Hixon, Schultz, Drake and Sixes; "Wildcats," Robert Saunders, captain; Bill Decker, Bill Dillman, Paul Ketterman, Geo. Staley, Carroll Smith, Oscar Stevens and Kenneth Shindler; "Bulldogs," Carl Saunders, captain; Wayne Tinsel, Watson, Woods, Edward Roth, Jake Dracha, Terry Goodermuth, Frederick Baker and David Barnes; "Panthers," John Carter, captain; Jack Rebert, Berkey Naugle, Kenny Smith, John Anzengruber, Raymond Creager, John Fry and Peter Baughman; "Tigers," Johnny Hartley, captain; Bob Rohrbaugh, Bill Sheppard, Ockie Buehler, Jay Ameson, Richard Boyd, Dick Walters, and Claire Gulise; "Bears," David Stanton, captain; Clarence Hansford, Dale Dea- (Please Turn to Page 7)

MUST MISS TWO 'REDWING' TRIPS

Miss Kathryn Oller, Adams county librarian, announced today the cancellation of bookmobile trips scheduled for next Monday and Tuesday because the bookmobile, "Redwing," has not been returned from Altoona where it was taken several weeks ago for the installation of steel shelving.

Miss Oller said that teachers whose schools were to have been visited on those days and who wish a change of books may exchange them by calling at the main library here. Monday's trip would have covered these points: Schriver's Corners station, Good Intent school, Whitcomb's View, Wierman's Mill, Mechanicsville, Victory, Round Hill, Hampton, Hampton Station, New Chester, New Chester Stations and Hunterstown.

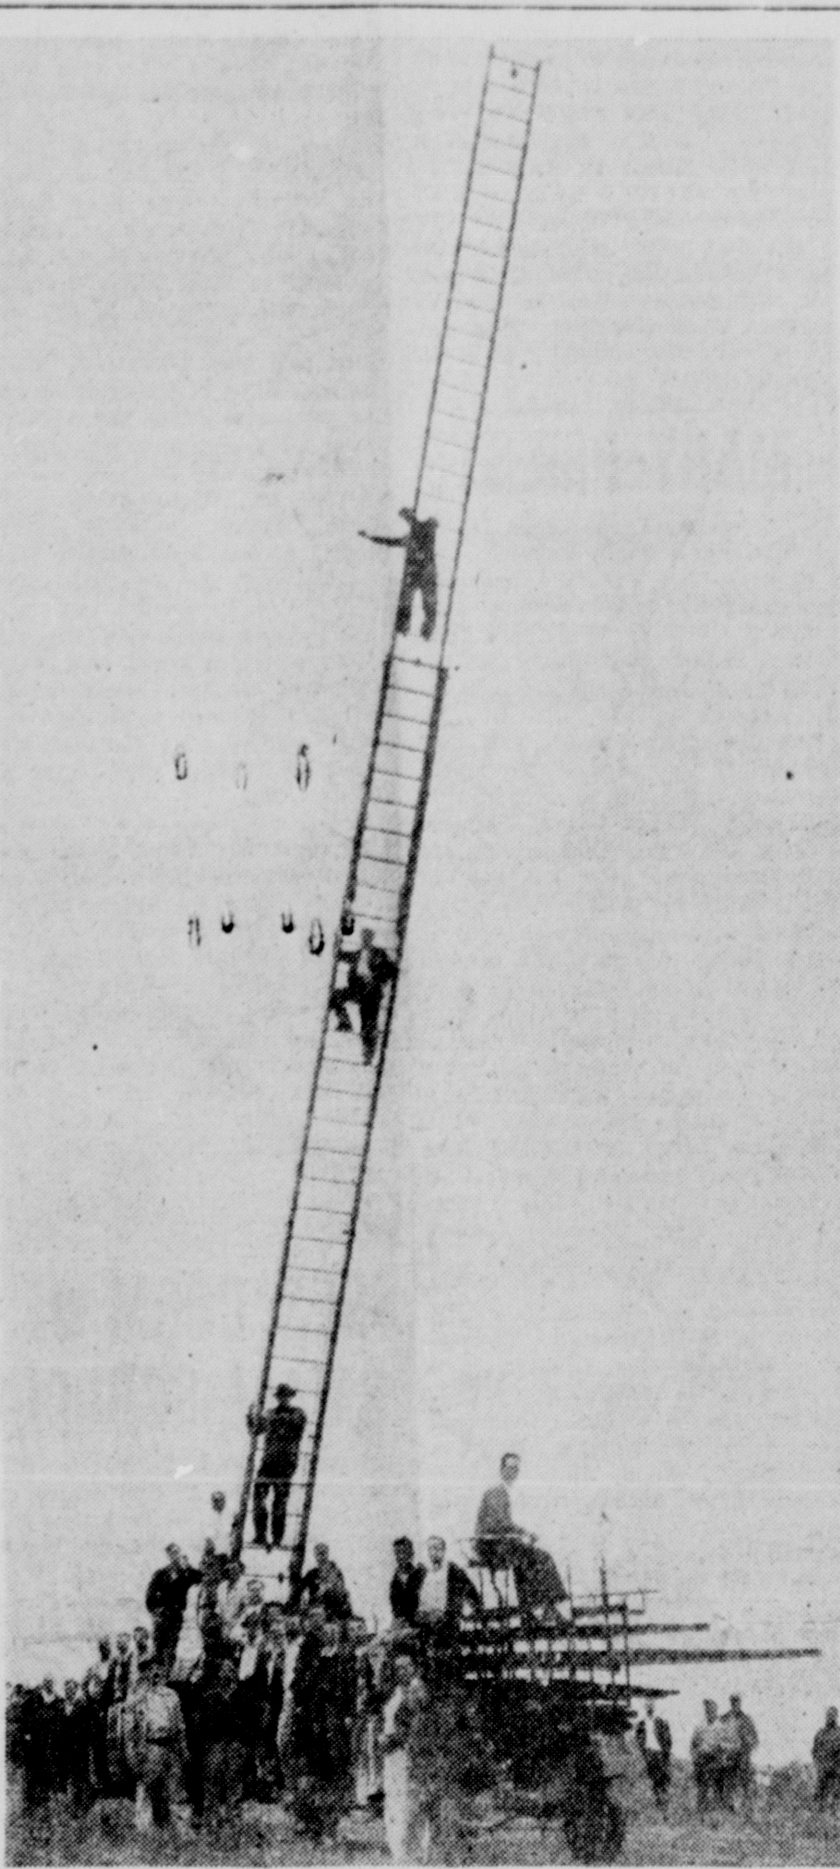

Tuesday's trip would have included: Round Top school in Cumberland township, Hoffman's orphanage, Mt. Vernon in Germany township, Oak Grove in that township, Slate Ridge, McCurdy's, McIlheny's, McCleary's and Pitzer's schools. The library board will meet Friday evening at 7:30 o'clock at the main library. On the agenda are discussion of a "housing situation," plans for Book Week, plans for the annual membership and the appointment of committees for the annual meeting. President O. H. Benson will preside.

FACES CODE CHARGE

A truck operated by Joseph Freet, Hanover, and a car driven by Edward Hagerman, Littlestown R. 2, collided Tuesday afternoon at 4:25 o'clock near Square Corners on the Gettysburg-Hanover road east of Bonneauville. Damage totaled \$350 and no one was injured. State police, who investigated, will charge Freet with failing to yield one-half the highway before Justice of the Peace Leo Storm, Mount Pleasant township.

Homemakers' Club Selects Projects

Furniture refinishing and chair painting were selected as projects for the next several months by the Conewago Adult Homemakers club Tuesday afternoon at its first fall meeting at the home of Mrs. Emma Wetzel, Hanover R. 4.

Nineteen members attended the session at which Miss Mildred Tomblin, county home economics extension representative, outlined various projects that the clubs could select. The next meeting will be held October 21 at the home of Mrs. Mallyn Applier, Hanover R. 3.

Called To Scranton By Doctor's Death

County Agent and Mrs. M. T. Hartman, Gettysburg R. 1, have been called to Scranton by the death of Mrs. Hartman's brother-in-law, Dr. Frank Swift, who died Monday. Doctor Swift, a physician, is survived by his wife and four children. Funeral services will be held Thursday. Mr. and Mrs. Hartman left this noon for Scranton, stopping en route at Middletown where Mr. Hartman is to fulfill a previously arranged engagement as a judge at the community farm show there. They will go on from there to Scranton, returning after the funeral.

Urges School Instruction In County In Auto Driving

County Superintendent of Schools J. Floyd Slaybaugh today joined the state Department of Public Instruction in urging high schools to provide auto driving training.

A letter from Dr. Francis B. Haas, state superintendent of schools, discloses that the Pennsylvania Automobile Association, a group of 3,000 dealers in new cars, has agreed to make available to schools having driving instruction new cars with dual controls for such instruction. Superintendent Slaybaugh said.

Previously the cost of obtaining cars for the driver training program prohibited many schools from adopting such a program, Slay-

Littlestown MANY PRIESTS AT CLOSING OF 40 HOURS FETE

The solemn closing of the Forty Hours devotion, which commemorates the forty hours that the body of Christ reposed in the sepulchre, took place in St. Aloysius church, Littlestown, Tuesday evening, with the following order of service: Miss Anna C. Weaver, church organist, played a processional while the children of the school took their places in the front pews of the church. The Rosary was recited with Rev. Fr. Hubert McGuire, leading. The choir sang "O God, the Father."

which was followed by the sermon by the Rev. Fr. Walter Courtney, T.O.R., the Franciscan missionary priest who conducted the Forty Hours services. The topic of all the sermons throughout the three days was centered around the theme of "Thanksgiving," and Father Courtney left one admonition with the members of the congregation, "say your prayers every single day of your lives, as a special remembrance (Please Turn to Page Two)

DR. GALLAGHER, EMERITUS HEAD OF MOUNT, DIES

Rev. Fr. Philip Joseph Gallagher, D.D., LL.D., rector emeritus of Mt. St. Mary's seminary, Emmitsburg, died in Jenkins Memorial hospital, Baltimore, at 2 o'clock this morning after a lingering illness. Rev. Dr. Gallagher was 77 years of age last June 7.

Funeral services will be held Saturday morning at 10:30 o'clock from Mt. St. Mary's college church with interment in the college cemetery on the Mount.

Rev. Fr. Gallagher was born in Coaldale, Pa., June 7, 1870, a son of the late Daniel and Catherine (McCafferty) Gallagher. He received his elementary education in the public schools of Coaldale and spent a year at St. Vincent's preparatory school, Latrobe, Pa.

Ordained In 1897

Dr. Gallagher's further education was received at Mt. St. Mary's college and seminary. He was ordained a priest for the archdiocese of Philadelphia in Mt. St. Mary's chapel on June 13, 1897 by Bishop Edward Allen and his first appointment was to the Church of St. Kierans, in Heckersville, Pa. He also served parishes at St. Patrick's church, Norristown, Holy Rosary parish and Church of the Visitation, both in Philadelphia.

In 1907 Doctor Gallagher was called to Mt. St. Mary's as Professor of Philosophy, Canon Law and Moral Theology.

ROTARY ENROLLS 3 NEW MEMBERS IN LITTLESTOWN

The weekly meeting of the Rotary club of Littlestown was held Tuesday at 6:15 o'clock in the banquet room of Schott's hotel. In the absence of the president, Edward Richardson, the vice president, Luther D. Snyder, presided. The program was in charge of the Rotary Information committee of which E. W. Dunbar is the chairman. The following new members were initiated: Frank J. Krocak, Paul R. Snyder and Bernard F. Schott.

Rotarian Roy D. Knouse of Silver Run delivered the initiation talk to the new members in which he discussed the purpose of Rotary in its four services, "Fellowship, Vocational, Community and International."

The presentation of badges and other credentials to new members was made by Luther D. Snyder. E. W. Dunbar, who is a past district governor of the former 30th District in New England, and also a past director of Rotary International, delivered the address on "Rotary Information." He said in part, "Rotary was established in 1905 in Chicago by Paul Harris. It has greatly expanded so that on September 1 there were 6,263 clubs. The central office is in Chicago and the Continental offices are in Zurich, Switzerland, and Bombay, India." He also discussed the "Rotary Magazine," and the Spanish edition, "Revista Rotaria."

Governor To Visit Club

The new members were then given an opportunity for remarks. Two visiting Rotarians, Claude Bixler, of the Gettysburg club and Harold R. McCulloch, of the State College club, were introduced. Dr. Ralph Schlosser, of Elizabethtown, district governor of the 181st District, will visit the club.

Football Coach Clayton Evans has announced that two men were added to his coaching staff as assistant coaches. They are Richard McLaughlin and Maurice Bream, teachers in the Junior high school. Coach Evans and his assistants are busy getting the Littlestown squad in readiness for their first game with East Berlin at East Berlin on October 11.

Mrs. Harry C. Schriver, the former Florence Basehoar and daughter, Anne, of Bethesda, Md., spent Tuesday and Wednesday with her parents Mr. and Mrs. D. D. Basehoar, East King street.

Rev. and Mrs. John Kammerer and daughters Margaret and Cathy, Marysville, spent Tuesday at the home of Rev. Kammerer's parents, the Rev. and Mrs. D. S. Kammerer, West King street. The Rev. John Kammerer is pastor of the Marysville-Duncannon charge of the Lutheran church.

Miss Catherine Stavelly, a student in the Traphagen School of Design, New York City, returned to school after spending several days with her parents, Mr. and Mrs. Frank R. Stavelly, East King street.

The Rev. Kenneth D. James, pastor of St. John's Lutheran church announced that the opening session of the week day School of Religious Education will be held at the church Saturday at 9:30 a.m. The school will be held weekly and is for all (Please Turn to Page 7)

Mrs. Forney, Mother Of Coach, Expires

Mrs. Maggie A. Forney, 77, Millersburg, mother of George S. Forney, Gettysburg high school athletic coach, died Tuesday evening at 11:30 o'clock at the Kepler Convalescent home, Elizabethtown, from a complication of diseases.

Mrs. Forney was severely burned on April 15, 1944, and had been bedfast since that time. Her husband, John Forney, died a number of years ago.

Her only survivors are two sons, George, East Middle street, and Guy, Oneida, N. Y. A number of nephews and nieces also survive.

Funeral arrangements are incomplete.

RELIEF FUNDS IN COUNTY GET \$4,192 IN TAX

Auditor General G. Harold Wagner has approved payment of \$4,192.50 to 32 Firemen's Relief Fund associations in Adams county. The payments represent the two per cent tax on the premium of fire insurance policies written within the political subdivision in which the relief association is located, by companies whose main offices are outside the boundaries of the Commonwealth. The money is forwarded to the treasurer of the municipality, who turns it over to the relief association of the fire company or fire department, paid or volunteer, serving that community, and which is duly recognized by the council, commissioners or supervisors, as the case may be, of the various cities, boroughs and townships.

Monies now being distributed in Adams county represent the insurance tax collected in the year 1945. The municipalities, and the amount each will receive, are:

Boroughs: Abbottstown, \$73.37; Arendtsville, \$216.53; Bendersville, \$65.85; Biglerville, \$50.35; East Berlin, \$36.20; Fairfield, \$97.43; Gettysburg, \$1,064.95; Littlestown, \$287.66; McSherrystown, \$297.43; New Oxford, \$152.17; York Springs, \$23.37.

Townships: Berwick, \$65.71; Butler, \$62.10; Conewago, \$24.48; Cumberland, \$76.72; Franklin, \$132.90; Freedom, \$1.99; Germany, \$2.51; Hamilton, \$18.55; Hamiltonban, \$44.42; Highland, \$18.01; Huntingdon, \$320.36; Latimore, \$50.35; Liberty, \$19.08; Menallen, \$38.06; Mt. Joy, \$37.12; Mt. Pleasant, \$77.02; Oxford, \$23.08; Reading, \$108.99; Straban, \$81.43; Tyrone, \$29.80; Union, \$17.20.

rites Held For VICTIMS OF GAS

Official tests show that the deaths of Florence May Wilkinson, Orrtanna R. 2, and J. Arthur Kint, Biglerville R. D., on Sunday were caused by carbon monoxide poisoning, Dr. C. G. Crist, county coroner, said today.

Doctor Crist signed death certificates showing carbon monoxide poisoning to be the cause after receiving a report from the state police laboratories at Harrisburg disclosing an 80 per cent carbon monoxide saturation in the blood, an amount said by the coroner to be "much greater than the amount needed to cause death."

The two were found dead Sunday in the Shelly orchards near Cash-town in Kint's car.

Funeral services were being held today for both. The funeral of Miss Wilkinson was held this morning at 10 o'clock from the Bender funeral home with the Rev. Amos Funk officiating. Interment was made in Florh's cemetery. The pallbearers were Lawrence Bowmaster, Charles Bowmaster, Alden Shultz and Paul McDonnell.

Funeral services for Kint were held this afternoon at 2 o'clock at the Bender funeral home with the Rev. Mr. Funk officiating. Interment is also to be made in Florh's cemetery. Members of the Moose lodge served as pallbearers.

28 Couples Are Licensed To Wed

Twenty-eight marriage licenses were issued at the office of the county clerk of courts during September, a check of the records disclosed today. The total licenses issued so far this year, 211, is still somewhat less than the total issued up to the same time a year ago, 242.

The records show the following issuance of wedding licenses so far this year: September, 28; August, 37; July, 17; June, 44; May, 29; April, 10; March, 16; February, 13 and January, 17. For the same months in 1946 the numbers were: September, 18; August, 26; July, 20; June, 51; May, 39; April, 34; March, 18; February, 19 and January, 17.

TRAVEL HERE NEAR RECORD IN LAST YEAR

Tourist traffic over the Gettysburg battlefield during the 12-month period ending Tuesday was the largest since before the war and was one of the "best" years in the town's history.

Records for the last 19 years disclose that on only three other occasions was the number higher than the 630,805 who visited the field during the period from October 1, 1946, to September 30, 1947.

The three years were 1929 when an estimated 727,395 visited the field; 1938, the year of the 75th anniversary celebration when 1,554,234 visitors were here and 1941 when 645,411 persons toured the battlefield.

Big Jump In Year

The number was 122,164 more than the 508,641 persons who visited here during the year ending September 30, 1946.

There were more cars over the field; there were more buses; there were more visitors to the cyclorama in spite of there being slightly fewer military personnel on tours, the records disclose.

This past year only 31,380 soldiers, sailors and marines visited the field in groups on guided tours. Last year the number totaled 49,528. Most of the military personnel came from nearby military establishments which send groups of soldiers or sailors over the field in some cases as part of officers' study or arrange sightseeing tours for the men and women stationed at the posts.

More Bus Tours

A total of 161,989 cars visited the battlefield and there were 686 buses that toured the field during the year. A total of 22,848 persons were occupants of the buses. The heaviest visitation by bus was in May when 239 were here, mostly loaded with high school students from schools in Pennsylvania, Ohio, New York and other neighboring states.

Last year the total of buses was 157, with 14,456 passengers. Visitation to the cyclorama totaled 17,600, divided into 15,646 adults and 1,954 children.

August Was "Top"

August was marked by the largest visitation of the year, with 143,194 persons touring the battlefield during that month. Of that number 3,913 visited the cyclorama to give it its largest visitation during that month.

Visitation in August was larger for the one month than the entire number that visited here during 1943 and 1944, the war years.

The annual estimates on battlefield travel for the last 19 years follow:

1929	727,395
1930	629,625
1931	508,365
1932	376,525
1933	204,380
1934	298,629
1935	500,614
1936	604,177
1937	622,384
1938	1,554,234
1939	608,125
1940	629,832
1941	645,411
1942	193,206
1943	66,761
1944	117,821
1945	197,741
1946	508,641
1947	630,805

Visitation during the year 1946-47, by month, was as follows: October, 46,414; November, 23,168; December, 5,951; January 1947, 5,197; February, 4,428; March, 10,924; April, 46,077; May, 51,286; June, 81,090; July, 136,729; August, 143,194; September, 76,647.

BULLETINS

New York, Oct. 1 (AP)—The United Nations Assembly failed in its first effort today to break the deadlock in the race between the Soviet Union and India for the Security Council seat to be vacated by Poland December 31.

New York, Oct. 1 (AP)—Planes of American Overseas Airlines on both sides of the Atlantic were grounded today pending resumption of wage negotiations during which, the company said, its pay offers to pilots were "the highest in the history of international commercial transport flying."

(By The Associated Press)

Tension appeared to be mounting on the nation's labor front today with disputes in transportation in the vanguard.

Labor troubles disrupted travel by air, and halted handling of cargo in two West Coast harbors, while the nation's railroads were served with a formal demand for a 30 per cent wage increase to more than 350,000 members of five operating railroad brotherhoods.

HANOVER HIGH
HERE FRIDAY
FOR BIG GAME

Friday's gridiron clash between Gettysburg and Hanover high schools on the local field will mark the 19th meeting between the varsities of the schools since the series was inaugurated in 1927.

During that time the Maroons have earned seven victories, tied one, and lost 10.

Surprises have been frequent in the rivalry and season's records can be cast aside when the teams tangle. Hanover will be a heavy favorite to win Friday's contest, the Nighthawks having swept, to three straight victories in a convincing manner, while the Maroons have dropped all three of their games. By way of comparison Hanover whipped Delone 18-6, while the Squires upset the Maroons, 25-6.

The Forney-men are hopeful of repeating last year's 7-6 upset over the Nighthawks. That victory halted a string of eight straight Hanover triumphs.

REDS REFUSE
TO ADMIT 12
US SENATORS

Washington, Oct. 1 (AP)—A curt refusal by Russia to let 12 senators visit Moscow brought demands by two congress members today for a tougher policy on admitting Soviet citizens to this country.

The Soviet foreign ministry declined to issue visas either for members of the senate appropriations committee or John Purifoy, assistant secretary of state to make an inspection of the U. S. Embassy. The explanation to Ambassador Walter Bedell Smith was:

"Inasmuch as the USSR is not considered a country that could be made the subject of an investigation on the part of the visiting senators, we do not consider their trip to be suitable."

1,500 Russians Here

Senator Bridges (R-NH), chairman of the committee, declared the incident raises the question of how much longer the United States will permit "indiscriminate admission of Soviet subjects and sympathizers."

Senator Dworkshak (R-Idaho), a member of the group, told a reporter there should at least be a careful scrutiny of any such admissions in the future.

"I understand there are about 1,500 Russians in this country," Dworkshak said. "I wonder what they are investigating."

Bridges disclosed that the individual senators applied for Russian visas during their preparations for a European trip to start next week.

Good Will Difficult

Ambassador Smith cabled back word that the applications were denied, as well as one from Purifoy, who will accompany the senators.

Bridges said the refusal of a visa to Purifoy "came as a distinct shock to state department officials and members of congress" because he is in charge of the operation of U. S. Embassies throughout the world.

The Russians denied entry last year to three house members assigned to study education and labor conditions in the Soviet Union, but gave a more tactful reason: hotel accommodations and other facilities were scarce because of the war.

Dworkshak said he didn't want to "condemn" the Soviet, but he added "it is difficult to cultivate understanding and goodwill with a country that has such perverted ideas."

COMMITTEES OF
AGENTS NAMED

The Hanover-Gettysburg association of Life Underwriters will attend the morning session of a two-day conference sponsored by the York Association of Underwriters next Tuesday, Mrs. Frances T. Plank, secretary, has announced. The conference will be held at the Hotel Yorktowne starting at 9 o'clock in the morning.

Granville Heindel, Hanover, president of the Hanover-Gettysburg group has also announced committee chairmen and co-chairmen for the coming year. They include: Program, Arthur H. Hamme, Hanover; membership and attendance, J. B. Collins, Gettysburg, chairman, and Earl M. Helges, Hanover, co-chairman; legislative, Paul G. Thomas and James L. Hafer, both of Gettysburg, chairman and co-chairman respectively; public relations, Ron Rowland, Hanover, chairman, and William Bigham, Gettysburg, co-chairman; agency practice and ethics, Willis H. REDS REFUSE
TO ADMIT 12
US SENATORS

Washington, Oct. 1 (AP)—A curt refusal by Russia to let 12 senators visit Moscow brought demands by two congress members today for a tougher policy on admitting Soviet citizens to this country.

The Soviet foreign ministry declined to issue visas either for members of the senate appropriations committee or John Purifoy, assistant secretary of state to make an inspection of the U. S. Embassy. The explanation to Ambassador Walter Bedell Smith was:

"Inasmuch as the USSR is not considered a country that could be made the subject of an investigation on the part of the visiting senators, we do not consider their trip to be suitable."

The 27 employees of the Gettysburg post office, including Postmaster Lawrence E. Oyler and his assistant, Arthur Warman, will be fingerprinted and fill out questionnaires to determine their loyalty to the American form of government, between now and next March, Postmaster Oyler said today.

The loyalty check is a part of a nation-wide program for all federal employees. The fingerprints and questionnaires are to be checked by the Federal Bureau of Investigation.

Mr. Oyler said orders had been received, but that the local office had until March to complete the job. "We will do it as soon as we can find the time," he said.

The post office employees here include, in addition to Mr. Oyler and Mr. Warman, seven clerks, five city carriers, five substitute employees, three custodial employees and five rural carriers.

SEES DOOM OF
SMALL SCHOOLS

Pittsburgh, Oct. 1 (AP)—The little red schoolhouse is doomed to extinction, says Dr. W. W. Lantz, superintendent of Allegheny county schools.

Addressing the Pennsylvania Parent-Teacher association last night, Dr. Lantz declared these things are needed to make the little red school a thing of the past:

Cooperation of families and communities, physical and mental adjustment of pupils, and a wage level for teachers that will give them financial security and the peace of mind necessary to their profession.

Allegheny county, said Dr. Lantz, now has only three one-room schools and, with the cooperation of the communities, these and other poorly equipped schools will be replaced soon by more modern schools.

Dr. Thomas E. Quigley, superintendent of Pittsburgh Catholic schools, told the convention that schools should make greater use of visual education, particularly the use of movies in the classroom.

"Carefully selected, commercially made historical films would be an educational asset and at the same time a more critical acceptance of the mechanics and themes of Hollywood production could be taught," Dr. Quigley declared.

TERRORS BRING VETERAN SQUAD HERE SATURDAY

One of the hardest fought games of the season is expected to take place on Memorial Field Saturday afternoon when the Gettysburg college gridders open their 1947 season against Western Maryland's Green Terrors.

Both teams have practically the same teams as a year ago when the Terrors pulled a surprise to hand the Bullets an 18-6 reverse on the local gridiron.

Saturday's contest will start at 2 o'clock. It has been announced by Prof. C. E. Bilheimer, athletic director. All home games this year will be at 2 o'clock.

Last Saturday Western Maryland took a 52-0 drubbing at the hands of the powerful Harvard aggregation. It is no secret that the Terrors pulled their punches in that game in order to keep their regulars in top condition for the Bullets game, realizing that a victory over Harvard was well nigh impossible.

Starred In Opener

Coach Charley Havens has moulded together a very formidable aggregation which promises to give the Bullets a busy afternoon. Outstanding for the Terrors against Harvard were Joe Giannelli, Hank Corrado, Joe Corleto, Tilo Margarita and Jim Cotter. Giannelli turned in a sterling defensive game and the 155-pound speed merchant accounted for most of Western Maryland's gains on the ground. Corrado was an efficient punter while Margarita, Corleto and Cotter gave impressive performances on the line.

York Old Timers' Day will be observed Saturday and several hundred fans from York will come here via bus.

Fans will find the seating capacity on Memorial Field limited. New bleachers, promised for this season, have not yet arrived from the manufacturers. Bleachers from the high school field will be moved to the college field following the Hanover-Gettysburg game Friday night. They will be placed on the north side of the field on the track.

Several carloads of cinders, secured through the efforts of Henry W. Garvin, local agent of the Reading railroad, are being placed on the north portion of the track upon which the bleachers will be erected.

WOMAN COACHES FOOTBALL TEAM

Harrisburg, Oct. 1 (AP)—Mrs. Ruth Fretwell—first woman football coach in the Harrisburg area—will send her West Fairview Junior High football team against Middletown High Junior varsity tomorrow in the school's first grid game.

The District 3 committee of the Pennsylvania Interscholastic Athletic association granted the school permission to have a woman coach the boys' football team, and at the same time recommended at a meeting yesterday that the school be admitted to the PIAA.

Mrs. Fretwell was appointed as football coach recently because PIAA rules require that a member of the faculty must coach the athletic teams of a school. West Fairview has a completely feminine faculty.

Inspectors from the district committee visited West Fairview on Monday, checked the medical and scholastic records of all the players, watched Mrs. Fretwell put the boys through a course of calisthenics, and then submitted a favorable report to the district committee.

West Fairview's scheduled game with Enola High Junior varsity was cancelled last week when the PIAA ruled that the school had failed to furnish information on the physical condition of the players, and had failed to produce consent slips from the parents permitting the boys to engage in football.

South Penn Loop Distributes Funds

Championship money was awarded to Bendersville, winners of the South Penn Baseball league playoffs, at a meeting of the league officials Tuesday evening at the fire engine house. Floyd Kuhn, president, presided.

Doctors' bills for injured players were presented by a number of teams to be paid from a special injured players' fund. Due to several teams not having bills prepared it was decided to hold another meeting on Tuesday, October 14, at the fire engine house for the purpose of making final settlements on all bills.

It was decided to retain a portion of the league funds to be used for the reorganization of the league next season. It was the consensus of all that the league affairs this year were well handled by those in charge.

HARRIS THINKS BUMS WILL BE HARD TO BEAT

By JOE REICHLER

New York, Oct. 1 (AP)—"They'll be tough to beat. They got the speed."

This was the considered opinion of Manager Bucky Harris as his victorious New York Yankees prepared to take on the Brooklyn Dodgers today in the second game of the World Series.

"Don't for a minute think they'll be easy to beat," Harris reminded. "They're a good ball club. I've got a lot of respect for their ability."

"You saw them yesterday. Did they quit when Branca (Ralph Branca, starting pitcher) folded in the fifth? By gosh, they came back fighting mad and almost caught us, didn't they? Don't think I wasn't scared stiff when the first batter walked in the ninth and that Edwards guy, who can beat your brains out any time, came up to bat."

Spot For Rookie Harris said the turning point of the game came with Pinch Hitter Bobby Brown at bat with the bases loaded in the hectic fifth which saw the Yankees score all their runs in their 5-3 victory.

"Imagine the spot the kid was in?" Harris asked. "Here was a kid in his first year in the big leagues, being sent up to bat with the bases loaded and 73,000 fans looking on."

"Why, I could see his face as white as chalk. His heart must have beat a mile a minute, but his eyes were clear and that base on balls that he drew set up the stage for Tommy Henrich's two-run single which proved eventually to be the winning run."

Explains Strategy "I know how he felt," Harris reiterated. "Because that was the way I felt when I went up to bat for the first time in my first World Series in 1924."

Asked to explain his reason for substituting a pinch hitter for Pitcher Frank Shea in the fifth when the Yankees were ahead 2-1 and Shea apparently well in control, Harris explained:

"Look, I was playing for a big inning and I got it, didn't I? Sure, Shea was going good, but I had another pretty good pitcher in the bullpen and I knew that if we could get a couple of more runs, Joe Page would hold the lead for us. We got three more and Page held the lead."

Varsity opposition using Lafayette plays. The session ended with a kicking and punt return drill.

YANKS BEGIN TALK OF FOUR GAMES IN ROW

BY JACK HAND

New York, Oct. 1 (AP)—Talk of four straight echoed around Yankee headquarters today as Manager Bucky Harris selected Allie Reynolds, the Creek Indian chief from Oklahoma, to face the Dodgers in the second world series game. Burt Shotton of the underdog Brooks cloaked his probable selection of Lefty Vic Lombardi in deep secret.

Apparently Dodger pitching turns are to remain in doubt until shortly before game time. Shotton followed that strategy in yesterday's 5-3 opening loss, and announced that he will continue the same plan.

If the delayed pick was supposed to relieve Branca of pre-game pressure, it didn't work. Ralph was obviously nervous as he waited game time on the Dodger bench but as cool as the weather when he took the hill.

For four perfect innings he threw that fast ball and crackling curve past the Yankees, retiring 12 men in succession, before it happened. The "It" being the usual result when the Yanks are involved in a series—a big inning.

New Game Record Brooklyn was supposed to have the speed and the Dodgers showed it in Jackie Robinson's early foot.

The Yankees were supposed to have the outfield edge and it turned out that way with Joe DiMaggio's infield single spoiling Branca's no-hitter. Johnny Lindell's two-run double breaking the game wide open and Tommy Henrich's two-run single providing the eventual winning margin.

An all-time record series crowd of 73,365 paid a new high gate of \$325,828.70.

With one out, Robinson worked Frank (Spec) Shea for a walk. Jackie lit out for second on the first pitch to Pete Reiser. Larry Berra bounced the ball into second and Robinson had a stolen base.

Reiser rapped back to Shea who first tried to run down Robinson and finally threw to Phil Rizzuto for the putout. But Robinson had jockeyed them long enough to let Reiser reach second. He scored easily when Dixie Walker's lazy fly single to left.

Branca went on to the fifth, apparently headed for victory. It seemed to matter little that DiMaggio beat out a hit to Peevée Reese who had to dig far to his left to get the ball. That was the first hit but it still was a 1-0 game.

Branca Blows Up Facing George (Old Folks) McQuinn, making a great comeback at the age of 38, Branca suddenly couldn't find the plate, and threw four straight balls. Billy Johnson, up to bat, was hit on the left arm by a pitched ball to load the bases.

Lindell smacked an inside curve to left field, close to the foul line, scoring DiMaggio and McQuinn. Branca, completely unnerved, walked Phil Rizzuto and he yanked for Hank Behrman after he threw two straight balls to Bobby Brown, pinching in for Shea.

Lighting Shea for a hitter was a gamble but as Harris said later it was a chance for a big inning and

York Catholic Will Meet Delone Thurs.

Delone Catholic high, seeking to rebound from its surprise 7-7 deadlock with St. Francis Prep last week, engages York Catholic high at McSherrystown Thursday evening in which promises to be a hotly-contested game.

The teams appear to be evenly matched. York Catholic is unbeaten in three straight games, while Delone has won one, lost one and tied another. Both scored victories over Gettysburg high.

The kickoff is slated for 8 o'clock.

County Cage Loop To Be Reorganized

A meeting for reorganization of the Adams County Independent Basketball league will be held Thursday evening, October 16, at 7:30 o'clock at the fire engine house, it was announced today by President "Chet" Shriver.

An effort will be made to secure more teams with home courts.

Personnel Of UN Watch Series Game

New York, Oct. 1 (AP)—United Nations personnel joined reporters at television sets to watch the world series during a recess in yesterday's balloting on a Security Council seat.

Then came the time for announcement of results of the fifth ballot in the contest between India and the Ukraine, and one fan remarked:

"Well, we gotta go back into the hall to see how the Indians and the Reds are making out."

he took it. Brown eventually walked, forcing across Johnson and the parade was on.

George Starnweiss forced Lindell at the plate but beat Edward's throw to first. Tommy Henrich followed with his two-run single to left and it was in the bag.

The Dodgers, although they were not completely mystified by fireman Joe Page, never closed the gap. Singles by Ed Stanky, Reiser and pinch hitter Carl Furillo got back one in the sixth and the other resulted in the seventh when Reese walked, stole second and raced home on a wild-pitch.

At the end it was old Hugh Casey toiling for the Brooklyn and Page for the Yanks, just like many persons figured—a bull pen world series, at least in the opener.

Germany used to base its entire synthetic program on the vast coal fields of the Ruhr, to make up for such lacks as natural oil and rubber.

Lexington Test Of Hambletonian

Lexington, Ky., Oct. 1 (AP)—The Lexington stake, one of the season's top tests for two-year-old trotters, offered a possible preview of the 1948 Hambletonian at the Lexington trots today.

Entered were such promising juveniles as Rollo, whose earnings of \$24,981 in his first campaign place him near the top of the 1947 list; Judge Moore, winner of \$17,357 and holder of the season's record of 2:09 4-5 for a two-year-old trotter on a half-mile track, and Jeff Han-

over, which has stepped off a mile in 2:10 on a half-mile track.

All were anxious to test their fleet young legs on Lexington's fast "red mile" in the \$3,000 event, but they

TWENTY-FIVE YEARS AGO

Large Attendance Here: Opening
services of Forty Hours Devotion
were held at St. Francis Xavier
church, Sunday morning, at 10
o'clock. The church was filled to capacity
at the solemn high mass, of
which the Rev. Monsignor B. J.
Bradley, of Emmitsburg, was the
celebrant. The Rev. J. B. Burke, of
Emmitsburg, was deacon of the mass
and Rev. Mark E. Stock the sub-
deacon. A procession will feature
the close Tuesday evening at 7:30
o'clock.

Local Bankers to Attend: Three
local bankers will leave next week
to attend the forty-eighth annual
convention of the American Bank-
ers' Association of New York City.
They are H. C. Pickling, I. L. Tay-
lor and E. W. Thomas.

Increase in the Price of Milk:
We have increased the price of
milk to the producer 2c per quart
in the last six weeks. Now we are
compelled to retail milk at 10c per
quart, 6c per pint beginning Sunday,
October 1st, 1947, an increase of one
cent a quart. Gettysburg Ice and

To Buy Steers in West: Adams
county steer feeders, who organized
here September 15, completed ar-
rangements for a permanent asso-
ciation when the directors met in
the office of the Adams County
Farm Bureau Monday evening and
elected officers: C. Arthur Griest, of
Guernsey, is president; Oliver Way-
bright, near Gettysburg, vice pres-
ident; F. A. Waybright, Gettysburg,
secretary-treasurer.

D. M. Sheely, of Cashtown, was
named purchasing agent to go into
the markets of the Middle West to
purchase steers.

Returns from Hospital: Jesse E.
Snyder, councilman, who was taken
ill with appendicitis on his way
home from Buffalo, New York, Sep-
tember 9, and operated upon at El-
mira, New York, returned to his
home on South street, Tuesday
evening.

Cupid Wins Veteran: Cupid's dart
won another Adams county veteran
of the World War according to an-
nouncement received here that Dale
Bittinger, son of Mr. and Mrs. Wil-
liam Bittinger, of near McKnight-
town, and Miss Marie Hartman,
daughter of Mr. and Mrs. Harvey
Hartman, of Arendtsville, were
married at Harrisburg on Saturday.
Mr. and Mrs. Bittinger will reside
in York where Mr. Bittinger is em-
ployed.

Awards League Pennant: Al-
though there was no response to the
call of Rev. Harry Daniels, pres-
ident of the Gettysburg Ward League
for a meeting Tuesday evening, Mr.
Daniels has announced the pennant
for the 1922 season had been offi-
cially awarded to the Second Ward
team.

Sixteen watch fobs, with the word,
"Champions" engraved on each, have
been given Robert Thompson, man-
ager of the Second Ward team
for distribution among the players.

Birds Won Prizes: C. Tyson Tip-
ton, Buford street, won a large share
of the prizes in the poultry division
at the Hanover fair last week.

County Praised for Its Yields: Praise
for the men and women who
shared in making the South Moun-
tain Fair a success and interesting
figures on Adams county's produc-
tion of apples, eggs and wheat, were
the outstanding features in the ad-
dress of Hon. Fred Rasmussen,
State Secretary of Agriculture, at
the South Mountain fair, Tuesday
afternoon. Several hundred persons
assembled about the north end of
the pavilion where the speaking
took place. M. E. Knouse, of Bryn-
sonia, introduced Mr. Rasmussen.

Teacher a Benedict: Before only
members of their families, Miss
Mary Viola Cromer became the
bride of Harry Elmer Snyder

ceremony was performed at 7:30 in

Today's Talk

NATURE REPAIRS ITSELF

There are conflicts even in Nature. There are injuries and tragedies, but how wonderfully Nature looks after them all! This past Summer I noted on my rocky island so many trees that had grown up, almost completely, right up into the sun-
light between great rocks. And I noted others that grew to great heights, with nothing to hold them up but a mass of roots that long ago had crept around rocks into the soil.

I also noted many a tree that had been damaged in some manner, when a small tree, only to bend and twist its way high into the air, and then straighten up to reach the life-giving power of the Sun. And what fantastic shapes some of the limbs take in their effort to get the maximum of sunlight!

Nature is her own doctor. She repairs herself. We, as human beings, have been given expressive intelligence so that we may take advantage of all the knowledge that is planted and expressed, or illustrated in Nature. Yet we disregard so much of it all! Most of our ills can easily be repaired by ourselves. We have the power of thought. Our daily thoughts influence our life structure. They have everything to do with our health and happiness.

A healthy mind is the greatest asset any one of us can have. Such a mind radiates cheer, good will, generosity, toleration, kindness, sympathy, and understanding. The physical body itself reacts wonder-fully to a healthy mind. And health-
y thoughts give out an aroma, like the perfume from beautiful flowers. An evening, or any time, for that matter with such a mind is like walking through a beautiful garden of color, foliage, and fragrance.

And with this mind of ours we can repair the body that is ours. We can meet misfortune. We can face a difficult turn of events. We can assert the power of our mind and demonstrate its God-given influence. We can be one with Nature. We can become an item in the unity of the world!

Tomorrow Mr. Adams will talk on the subject: "Window Shopping"

Just Folks
The Feet of the People

OLD COUNSEL
I cannot tell you what the years may hold,
Nor what of gain or loss may come to you,
I but repeat what has been often told,
A few brief maxims, old, but ever true.

It is not the prize, but how the game was played.
Twist right and wrong all men at times must choose.
Keep this in mind before the choice is made:
It isn't triumph if your fame you lose.

Work hard, fight hard, and do the best you can;
Deserve the victory or refuse the prize.
Tis better far to be the beaten man
Than take the glory, and yourself despise.

This frenzied world, so clamorous for gain,
This troubled world, where man his years must spend,
Still honors all who steadfastly re-
main.
Gracious and just and faithful to the end.

They were attended by Mr. and Mrs. Cleason Cromer, Stanley Snyder and Miss Onedah Harner, all of Mt. Joy township.
Mr. Snyder, who is a son of Mr. and Mrs. Harry Snyder, of Two Taverns, is teacher of the Horner school, Mt. Joy township.

Will See World Series: Mr. and Mrs. J. A. Holtzworth, North Wash-
ington street, will be among the few Gettysburg residents who will attend the World Series baseball games in New York, with all expenses paid.
Mr. and Mrs. Holtzworth were among the fifty winners in a contest staged by a Philadelphia news-
paper in a subscription campaign. Mr. Holtzworth finished thirteenth on the list. Mrs. Holtzworth ranked twentieth.

Personal Mention: Professor Guile W. Lefever and family moved from the Plank apartment, York street, on Saturday to a house on North Stratton street, formerly oc-
cupied by Mr. and Mrs. Joseph Codori. Mr. and Mrs. Codori have moved to their recently completed home along the Fairfield road.
Mrs. Lillie Rowe, North Washing-
ton street, has gone to Lancaster where she will make her home with her daughter, Miss Lillian Rowe, who is teaching school in that place.

DISTRICT E.U.B. CHURCH HEAD IS HELD OVER

Harrisburg, Oct. 1 (P)—For the first time in the history of the East Pennsylvania Conference of the Evangelical United Brethren church, a superintendent will remain in office for more than a year period.

The delegates here for the 148th annual conference elected the Rev. Dr. David E. Young as superinten-
dent yesterday for a term of four years. Dr. Young has served in the same capacity for the past five years, always on a one year basis.

In his report to the conference Dr. Young said "The craze for pleasure and the thrill of gambling are de-
moralizing multitudes. The liquor traffic group is violating every promise ever made to the public."

Membership Gain
He reported that total membership in the conference was now 38,420, a gain of 1,025 in membership for the past year, and announced a goal of one new member for every ten members as the goal of the conference for the next twelve months.

His recommendations included es-
tablishment of an Evangelism com-
mittee in each church and advance-
ment of Miss Claire Adams of Pine Grove, Schuylkill county a deacon-
ship.

Applications for the ministry were accepted from Joseph Smith, Har-
risburg; Harry Himmelberger, Le-
banon; Jacob Earhart, Manheim; Thomas Hoffman, Highspire; Robert Miller, Hummelstown; Alvin Hildebrand, Lancaster; Marlin Selders, Middletown, and Ronald Crocraft, Reading.

Dr. Oscar P. Blackwelder, pastor of the Church of the Reformation, Washington, D. C., is listed as principal speaker at tonight's services. The theme of the meeting will be "Our Evangelistic Responsibility."

Helpful Tips For Home Builders

Rescues 2 Children From Burning Crib

Meadville, Pa., Oct. 1 (P)—Mrs. George Warner, 25, rescued her two daughters, Florence, 4, and Carol Ann, 3, from a blazing crib at their home on French street yesterday.

Smelling smoke, Mrs. Warner dashed upstairs and found the mat-
tress in the children's room flaring almost to the ceiling. She caught up the children, whose clothing had not caught fire, carried them to a neigh-
bor's home, then returned to fight the blaze.

Firemen confined loss to the one room. They reported finding a box of safety matches lying near the crib.

LIFE 'TIGHTENS' IN BRITISH ISLES

London, Oct. 1 (P)—Life in this "tight little isle" became tighter today with the enforcement of new government austerity measures that virtually banned foreign holiday travel, wiped out gasoline rations for pleasure motoring and boosted rail-
way fares 50 per cent above pre-war levels.

Limited direction of labor goes into effect next Monday under another decree issued by the labor govern-
ment, which recently obtained from Parliament almost unlimited powers to combat Britain's economic crisis.

The new measures that became effective today, two days after Prime Minister Attlee began his long-ex-
pected cabinet shakeup, are part of the government's program to slash dollar spending and increase pro-
duction in the hope of erasing the nation's grave export-import deficit by mid-1948.

An advance warning that after October 1 Britons would no longer be able to exchange sterling for foreign currencies to spend on hol-
idays abroad brought a last vacation rush to the continent and the U. S. during September.

Up to September 1 Britons could spend 75 pounds (\$309) yearly in foreign pleasure travel. Then the al-
lowance was cut to 35 pounds (\$140).

MANY HOMES NOT COVERED BY INSURANCE

Many home owners today are tak-
ing much satisfaction from the fact that their property has steadily risen in value and that they have repeat-
edly refused offers far in excess of what it cost originally.

But comparatively few realize that the insurance policy covering the house has not been increased at all and that most policies now provide coverage far below replacement costs, which have risen tremendously in the past six years.

As an example of how costs of various building materials have in-
creased since 1939, these figures are cited by Myron L. Matthews, na-
tionally-known building industry statistician.

Brick is up 96 per cent since 1939; oak flooring, 120 per cent; lumber, 150 per cent; plaster, 58 per cent; cement, 32 per cent; lime, 63 per cent.

To reproduce today the house built in 1939 will cost from 50 to 77 per cent more, according to most ap-
praisers' estimates.

Most Fires Preventable
Hence, every home owner would

LOCUSTS FOR VOTES
Tientsin, China, Oct. 1 (P)—Dr. Fu Chian-Kiang's campaign for election to the National Assembly is hopping right along. Dr. Fu bought about 300 pounds of locusts—tradi-
tional enemy of the Chinese farmer—and tied a "Vote for Me" campaign tag to the leg of each. Then he turned the locusts loose.

and now it vanishes completely. Beginning today the "basic petrol ration," which permitted automobile owners about 300 miles of pleasure driving a month, will be eliminated and gasoline will be reserved in the future solely for priority purposes as it was during most of the war.

Almost half of the patients in U. S. veterans' hospitals are mental and nervous cases.

do well to redouble his efforts to prevent fire. The National Fire Pro-
tection Association asserts that 90 per cent of all fires, are preventable. To reduce fire danger, premises should be kept scrupulously clean. Do not permit rubbish to accumu-
late. Chimney fires and boilers should be cleaned thoroughly each year and at no time should the heat-
ing plant be forced beyond its capacity. This is one of the chief causes of residential fires.

The owner should also be certain that fire-stops exist within the walls to prevent these spaces becoming natural flues should a fire break out. If it is impossible to install gypsum block or other solid firestops within existing houses, the National Board of Fire Underwriters suggests mineral wool insulation. Tests by the National Bureau of Standards show that a wall filled with this substance will halt the passage of fire for one hour.

Timely And Modern Suggestions Presented By Builders And Contractors

Seek To Check Fire Damage Toll In Home

So serious have fire losses become, particularly in homes where it is claimed 90 per cent of all fires can be prevented, that insurance companies, fire prevention experts and numerous other agencies have redoubled efforts to check the enormous toll of life and property which last year reached an all-time high.

A greater degree of fire-safe construction is being urged, and this was scheduled to receive important consideration at a national conference of some 3,000 state, municipal, and fire prevention authorities called by President Truman in Washington early this month.

Most bad fires result from faulty construction, especially in buildings where flames spread through hollow walls and other vertical and horizontal openings. Experts assert if such spaces are filled with a naturally non-combustible material the seriousness of fires can be considerably lessened.

A HOME TO LIVE IN

U. S. Farm assets rose above 100 billion in 1945.

A portion of the front, up to and including the fireplace, is brick veneered; the balance finished with wide siding. A low roof with wide overhang forms a recess for the entrance and protection over the corner windows in the living room. The floor plan calls for three bedrooms, living room and kitchen, all of which open on a central hall. The rear bedroom can be used for that purpose, or for a den, work-room or playroom. A doorway to it could be added from the kitchen. There is generous closet space. Overall dimensions of the house are 36' by 28' with a full basement. For further information address the Home Building Editor of The Gettysburg Times or Standard Homes Service, St. Cloud, Minn.

HOME BUILDER NEEDS SERVICE OF ARCHITECT

With the widespread use of ready-made house plans, the family which is going to build its own home all too frequently decides that the services of an architect are not required. But such decisions can often lead to

Buyer Gets More With House Today

Often lost sight of in the current controversy over home building costs and prices is the fact that the buyer today demands and gets a far better and more complete house than during the last big building boom of the 1920s.

Fireplaces, large numbers of built-in cabinets, laundry tubs, refrigerators, kitchen stoves, automatic water heaters, kitchen floor covering, naturally non-combustible thermal insulation, screens, storm windows and numerous other features are usually included in the selling price now. In years past, these had to be provided as extras by the purchaser.

It is very doubtful if the home buyer of 1947 would even descend to look at a house constructed and equipped the way they were 20 years ago. When delivered to the buyer today, the house is usually completely ready to move into and embraces countless refinements that were found formerly only in luxury residences.

Do You Like To CRUMPLE FENDERS?

If you do, this is an easy stunt: just turn right from the left lane. You'll probably hear swearing and the screech of brakes. Try it at high speed on the highway and you'll be the death-of-the-party.

But if you want to be a safe driver, turn from the correct lane and signal first. That's the courteous thing to do. We like to discuss automobile insurance with courteous drivers because they are the careful drivers. May we talk to you?

grief, high costs, and an unsatisfactory house.

Architectural services are a small fraction of the total cost of a home, the standard fee ranging from 5 to 8 per cent of the contract price, and a competent architect can and usually does save his client the amount of his fee.

He prepares plans and specifications, receives bids and supervises construction. In taking bids, the architect knows whether prices are out of line, and in supervising construction he sees to it there is no slipshod workmanship nor substitution of materials.

Many Services

From start to finish, the architect acts as a professional adviser to the owner in drawing contracts, certifying building charges, complying

with building codes and lien laws. In other words, he sees that the owner gets what he pays for and relieves the owner of a great deal of responsibility.

An example of how an architect can save money is in the heating system. This usually is about 10 per cent of the cost of the house. Figures in the hands of most architects show that proper thermal insulation per-

mits the installation of a smaller heating unit and less radiation. The heating contractor generally does not take insulation into consideration. He figures the size of heating plant on the basis of cubic content of the house.

Recent tests at the University of Minnesota revealed, however, that the cost of the heating system could be reduced by more than \$250 in a

home that was insulated with fire-proof mineral wool. Hence, through attention to this one detail, it should be readily apparent that an architect is needed. The same is true all the way through construction, from foundation to the final coat of paint and the landscaping.

A disastrous blight in 1943 wiped out Nicaragua's banana production.

DON'T let this happen to you. Start today—make a definite fire prevention plan a part of your plan of living. And consult us about today's higher property values. Don't let fire catch you under-insured.

THE EXTRA PROTECTION OF LOWE BROTHERS HIGH STANDARD HOUSE PAINT COSTS YOU NOTHING

Here's why the extra protection of LOWE BROTHERS HIGH STANDARD HOUSE PAINT actually costs you nothing. It covers solidly more surface per gallon than "cheap" paint. It spreads evenly and easily to save time and money. So it actually goes farther to cost less per square-foot-of-surface protected. And that means that extra beauty and extra protection costs you nothing.

Freight Car Situation Is Near A Crisis

New York, Oct. 1 (AP)—The 10,000 a month freight car program which was to have been a fact by October is "shot to pieces," the Iron Age, trade publication, said today. Transportation, the survey added, rapidly reaching a national crisis. The magazine predicted that in the last three months this year, freight car output will fall short of the goal by 2,000 to 3,000 cars a month.

While both railroad car builders and the steel industry present figures to indicate a blameless record in the freight car program failure, the weekly "The Situation" is coming from bad to worse.

"Cars are being retired at a much faster rate than they are being replaced—a condition which has been going on since war days when some railroads refused to consider the repair problem on a par with munition requirements."

Several Responsible The magazine said early phases of the steel freight car argument probably be surrounded by discrepancies in figures reported by steel companies as compared with the American Railway Car Institute.

"Probably no one group," the magazine continued, "can be accurately tagged with sole responsibility for today's freight car shortage."

"The steel industry has conclusively shown that steel in a total program necessary for the freight car program has been shipped to car builders. Car builders have shown just as conclusively that they have not received enough steel to produce 10,000 cars a month."

"The rub is in the distribution of the various steel products to all the car builders participating in the program."

"Unbalance in inventories and component parts is the most serious drawback to successful completion of the 10,000 car a month program."

FUEL BILL LOWERED

Tests conducted by the Tennessee Valley Authority revealed that a house completely insulated with mineral wool reduced the fuel bill by 5 per cent.

Sports Roundup

By HUGH FULLERTON, Jr.

New York, Oct. 1 (AP)—After what happened to Ralph Branca yesterday, nobody can blame "mysterious" Barney Shotton for sticking to his policy of keeping his pitching choices secret. . . . Shotton's theory apparently is to name his starter just before the game but keep Fireman Hugh Casey warmed up. . . . Barney wouldn't say a word before yesterday's game, but one look at Branca was enough for the reporters, who immediately gathered around him on the bench. . . . The manager finally called Ralph to the other end of the dugout, asked the scribes to let him alone, and then lightened the proceeding by taking someone's topcoat off a hook and tossing it over Branca so the pitcher was completely hidden. . . . In the fifth inning you wondered if that coat wasn't over Ralph's head again. No matter how he tried to "aim" his pitches, he couldn't find the plate.

ONE-MINUTE SPORTS PAGE

The big guy with no number on his back who pitched Yankee batting practice yesterday was Red Ruffing—and the uniform was the same one he wore when he was a Yank. . . . When someone asked if he had any trouble getting into the suit, Red countered: "If I took off 15 pounds now I could get into Rizzuto's uniform."

Another Red, Yankee Secretary Patterson, explained Ruffing's presence: "When we invited the old timers for the first two games of the Series, he took us seriously. . . . After taking that journey out the foul line, looking as if he was walking the 'last mile,' Umpire George Magerkurth probably knows how a pitcher feels heading for the

SESSION OF 1947
No. 1

A JOINT RESOLUTION

Proposing an amendment to section one, article nine of the Constitution of the Commonwealth of Pennsylvania authorizing agreements between Redevelopment Authorities and local taxing authorities limiting for a term, not exceeding twenty-five years, the amount of annual taxes to be levied upon land acquired for urban redevelopment.

The General Assembly of the Commonwealth of Pennsylvania hereby resolves as follows:

Section 1. The following amendment to the Constitution of the Commonwealth of Pennsylvania be and the same is hereby proposed in accordance with the eighteenth article thereof:

That section one of article nine is hereby amended to read as follows:

Section 1. All taxes shall be uniform, upon the same class of subjects, within the territorial limits of the authority levying the tax, and shall be levied and collected under general laws; but the General Assembly may, by general laws, exempt from taxation public property used for public purposes, actual places of religious worship, places of burial not used for private or corporate profit, institutions of benevolent charity, and real and personal property owned, occupied, and used by any branch, department, or camp of honorably discharged soldiers, sailors and marines; and the General Assembly may, by general laws, authorize agreements between Redevelopment Authorities and local taxing authorities, limiting for a term, not exceeding twenty-five years, the amount of annual taxes to be levied upon land acquired for urban redevelopment.

A JOINT RESOLUTION

Proposing an amendment to article nine, section eight of the Constitution of the Commonwealth of Pennsylvania.

The General Assembly of the Commonwealth of Pennsylvania hereby resolves as follows:

Section 1. The following amendment to the Constitution of the Commonwealth of Pennsylvania be and the same is hereby proposed in accordance with the eighteenth article thereof:

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as provided herein, and in section five of this article, shall never exceed seven (7) per centum upon the assessed value of the taxable property therein, nor shall any such county, municipality or district incur any debt, or increase its indebtedness to an amount exceeding two (2) per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law. The debt of the city of Philadelphia may be increased in such amount that the total debt of said city shall not exceed twelve and one-half (12 1/2) per centum of the average of the annual assessed valuations of the taxable realty therein, during the ten years immediately preceding the year in which such increase is made, but said city shall not increase its indebtedness to an amount exceeding two and one-half (2 1/2) per centum upon such average assessed valuation of realty without the consent of the electors thereof at a public election in such manner as shall be provided by law. No debt shall be incurred by or on behalf of the county of Philadelphia and the school district of Philadelphia shall have power to incur debt.

In ascertaining the debt-incurring capacity of the city of Philadelphia at any one time, there shall be deducted from the debt of said city so much of such debt as shall have been expended, or is about to be expended, during the ten years immediately preceding the year in which such increase is made, or in the construction, purchase, or condemnation of any public utility, or part thereof, or facility therefor, may reasonably be expected to be expended in excess of operating expenses sufficient to pay the interest and sinking fund charges thereon. The method of determining such amount, so to be deducted, shall be as now prescribed, or which may hereafter be prescribed, by the General Assembly.

In incurring indebtedness for any purpose the city of Philadelphia may issue its bonds, or other negotiable securities, the payment of such sinking fund to be in equal or graded annual or other periodical installments. Where any indebtedness shall be incurred by or on behalf of the city of Philadelphia for the purpose of the construction or improvement of public works or utilities of any character, from which income or revenue is to be derived by said city, or for the redemption of land to be used in the construction of wharves or docks owned or to be owned by said city, and obligations to be incurred in connection therewith, the city shall be exempt from the provisions of this section, and may incur such indebtedness, and may issue its bonds, or other negotiable securities, for the purpose of such construction or improvement, and the interest and sinking fund charges thereon shall be paid out of the proceeds of the sale of such bonds, or other negotiable securities, and shall not be subject to the provisions of this section.

Prices Too High For Computing Scales
Portland, Ore., Oct. 1 (AP) — The butcher's hesitancy to quickly quote a price when he tosses a beef roast on the weighing machine is not because you might faint.
Flame it on the scales.
W. H. Baughn, Portland agent for a scale manufacturer, explained the high price of meat has pushed the price figures off the end of most computing scales now in use. Baughn's firm is marketing a special device that figures prices up to \$1.70 a pound.
Many of the existing scales, Baughn said, start at one and one-half cents a pound and stop at 75 cents.

DR. GALLAGHER,
(Continued from Page 1)
bishop of Philadelphia, Dennis Cardinal Dougherty, appointed Doctor Gallagher to the rectorship of St. Matthews church, in Conshohocken, Pa., where he remained until 1939.
when he was appointed by His Grace, the Archbishop of Baltimore, as rector of Mt. St. Mary's seminary. He served in this capacity until 1941 when he retired because of ill health. The past few months Doctor Gallagher spent in the hospital.
Honorary Degrees
In 1916 the University of Notre Dame, South Bend, Ind., conferred the degree of Doctor of Laws and later the Jesuit College of Spring Hill, Ala., conferred the degree of Doctor of Divinity upon Doctor Gallagher.
As the fatherly director of students to the priesthood at Mt. St. Mary's seminary for ten years Doctor Gallagher became widely known for his theological knowledge and teaching.
The deceased is survived by a number of nieces and nephews including Rev. Fr. Joseph P. O'Donnell, of Mt. St. Mary's faculty, and Rev. Fr. George P. Boyle, of Frackville, Pa.
